OF RURAL INTEREST JOY AT STOCK FARM SUDDEN SUMMONS DONE WHILE DRUNK. AT MERCER'S PARK NEW OPERA HOUSE FEMALE SEMINARY Body Of White Baby Found In River.

BREEZY LETTER FROM "OLD INNESSEY."

Happenings at Macedonia and Kennedy Told By Correspondents.

Nashville Pike, March 13, 1932.—Mrs. Hattie Gifford is spending the week with Mrs. L. H. McKee in Hopkinsville.

Not as many fruit buds were killed as first reported throughout the state. Apples, peaches, plums, pears, cherries, etc., are in fair shape yet.

Since the roads have improved to some extent, tobacco is being moved quite freely. Pembroke factories bought most of the crops in this section.

Stock is still dying from "corn stalk disease." Mr. Dick Barnett lost a mule and Robert Brownish a buggy horse recently.

Mrs. Clark and children from Evansville spent several days with Mrs. Will Hancock recently.

Since the warmer weather came the growing wheat crop has very much improved. Old farmers say the wheat needs rain.

Every pond and creek in the county is well stocked with wild ducks and geese. The season is a little earlier than usual for their migration northward.

"Bob" Brownish's marriage Wednesday was quite a surprise, so well was the date kept secret. His many friends congratulated him on his success in winning the lovely girl who became his bride.

Will Watson has gone to Springfield, Tenn., to enter Woodbridge's school of telegraphy. "Durdwood" is taking care of Will's interests while he is absent.

Dr. J. E. Bell formerly practicing physician in this section will soon leave for Denver, Colo., to reside. He was a very successful and popular "medicine man" while here and will be missed.

This "back of the woods" now has a full fledged Rural Free Mail delivery, and it is a great benefit to all of the patrons. Mr. Coyner the efficient carrier is always kind and courteous to his patrons, a fact which is much appreciated.

Former Gov. Altgeld Called From Earth.

Collapsed After Brilliant Speech And Never Recovered Consciousness.

JOLIET, Ill., March 12.—Former Governor John P. Altgeld died this morning.

At the conclusion of an impassioned appeal in behalf of the Boers, delivered last night in the Joliet opera house, where he spoke with all his old-time fire, he fell into a dead faint as he was walking from the stage.

He was then taken to the Monroe Hotel, where he was cared for. Physicians were speedily summoned and everything possible was done for him, but he was beyond human aid.

He never regained consciousness and died at 7 o'clock this morning of cerebral hemorrhage.

John Peter Altgeld was born in

BROTHER OF JINKS AND MESMERIST FOILED.

Adelbert Yearlings Are Pronounced Best Yet Produced There.

Hoodoo, dam of Mesmerist, Jinks and Hattasoo, all well known stoke winners, dropped a fine colt this morning by imp. Albert. Hoodoo is the property of Williams & Radford, of the Adelbert stud, who have recently refused several very flattering offers for the grand mare.

The Adelbert yearlings, twenty in number, are being prepared for shipment to the East for sale in June. The yearlings from this breeding establishment last year averaged \$1,000 and the previous year, \$1,100. Dr. Williams states that the present crop is the best ever produced on the place, and expects a handsome sale.

Quo Vadis.

A mammoth production of "Quo Vadis" comes to the opera house on next Tuesday night. The famous book has been so universally read that the dramatization of it is eagerly welcomed. The version of the play follows the book closely and deals with the subject in a reverent spirit, thereby earning the plaudits, not only of the press and general public, but of the clergy, and the conservative element.

The stage settings are unusually elaborate and present the extraordinarily furnished Roman palaces in a remarkably realistic manner. The scenic effects form a fitting background for some very capable acting.

Forced To Disband.

The Uncle Tom's Cabin company which recently played here was forced by bad business, to disband at Jeffersonville, last night.

Appointed Notary Public.

Gov. Beckham has appointed Attorney Charles O. Prowse a notary public. Mr. Prowse qualified yesterday.

COMING STATE FAIR

MEETING WILL BE HELD ON SATURDAY

City Making The Best Offer Will Get The Location.

The Kentucky Live Stock Breeders association will hold a meeting in Louisville Saturday at 10 o'clock at the office of Mr. M. W. Neal, the secretary. Plans for a state fair next fall are to be discussed, the passage of the \$15,000 appropriation bill by legislature making the exhibition possible.

The question of a place for holding the fair will also come up. Lexington and Louisville will probably be the only cities to bid for the big show. The city whose merchants offer the greatest inducement in the way of a guarantee fund will get the fair.

Plenty of old papers for sale at this office. Lay in a supply now for spring cleaning.

F. B. CARTER DROPPED DEAD AT PEMBROKE.

Well Known Longview Farmer, Sixty-Five Years Of Age.

PEMBROKE, Ky., March 13.—(By Telephone)—Mr. F. B. Carter, a prominent South Christian citizen, dropped dead here this afternoon.

He came to town this morning to deliver his tobacco and was apparently in his usual good health.

About one o'clock, while in Moore & Jones' store trading, he stepped in the back yard for a drink of water and remained so long that one of the clerks went to the door to find out what had become of him. He saw the body of the farmer lying on the ground, and on closer investigation it was found that he was dead.

It is supposed that heart disease caused the death. No inquest has been held.

Mr. Carter was sixty-five years of age, and a highly respected citizen of the Longview vicinity.

Just as the steamer was entering Lake Palmyra, a sudden wind and rain storm of cyclonic proportions came out of the west, catching the Providence broadside on. The little vessel was lifted almost entirely out of the water, her upper works blown away and the hull turned bottom up in forty feet of water.

Most of the crew and passengers were asleep at the time and were drowned like rats in a trap. Only nine of the entire boat's company were saved. The property loss will amount to several thousand dollars.

SCOTT THOMAS KILLS HIS COUSIN.

Victim Leaves Widow And Eight Young Children.—Slayer Escapes.

Licenses for four saloons were granted in Cadiz, and they opened for business Monday, March 3, for the first time in several years. The first killing as result of their influence occurred Saturday night, March 5th.

Scott Thomas, after drinking heavily in the new liquor houses and becoming intoxicated, went to the home of Alfred Bridges, about eight miles from town, where an entertainment was in progress. He became very boisterous, and Bridges asked John Francis to take him outside. Francis led Thomas from the room into the hall, with Bridges walking behind them. Thomas pulled loose and jerked a pistol from his pocket, fired at both the other men. He missed Francis but Bridges was shot directly through the heart, dying instantly. A second shot was fired at Francis and then, in the excitement, Thomas made his escape and has not been captured. The Bridges family have offered a reward of \$200 for him. The men were both prominent in their neighborhood and were cousins. Bridges leaves a wife and eight young children.

Full Of Grasshoppers. Mr. Lee Witly brought a bottle of this, containing some blades of wheat, which were almost covered with small grasshoppers. He says that they are just as plentiful all over his farm, and promise to do great damage.

TWENTY-ONE DEAD.

STEAMER SUNK BY SUD- DEN SQUALL.

Most Of The Passengers Asleep.—Only Nine Escaped.

(Special to New Era.) VICKSBURG, Miss., March 13.—The steamer Providence, plying between this port and Lake Palmyra, was overturned by a sudden squall at Lone Landing and twenty-one of her passengers and crew were drowned.

Just as the steamer was entering Lake Palmyra, a sudden wind and rain storm of cyclonic proportions came out of the west, catching the Providence broadside on. The little vessel was lifted almost entirely out of the water, her upper works blown away and the hull turned bottom up in forty feet of water.

Most of the crew and passengers were asleep at the time and were drowned like rats in a trap. Only nine of the entire boat's company were saved. The property loss will amount to several thousand dollars.

Many Victims Lured To Death And Their Bodies Robbed.

(Special to New Era.) BEAT MONT, Tex., March 13.—Mattie Bennett has confessed to Sheriff Linden that she was at the head of a gang of negro women and white men who had for months been luring men into her house, drugging them, beating them and robbing them. If they died the victims were dragged to the river and thrown in. If they were only stunned they were taken out of the house to a remote part of some street and left for pedestrians or policemen to find.

A fear is felt that more than twelve among those who have come to Beaumont and who were afterwards reported as "missing" have been murdered and that their bodies are now at the bottom of the river.

In the last three months at least fifty inquiries for missing men have been received, and while no one supposes that the gang has murdered so many as fifty, there is a fear that many of the disappearances are due to their work.

Several arrests have been made.

THE ELKS JUBILEE WILL BE HELD.

Carnival Company Leaves Winter Quarters To Begin Season.

The Elks Jubilee will take place at Mercer Park. The board of managers today signed a contract with S. C. Mercer for the rental of the property during the carnival week, May 19 to 21.

Owing to the great number of attractions secured by the Elks it was found impracticable to hold the fair on the streets. Mercer Park, owing to its size and proximity to the business portion of the city, is an ideal place as was attested by the first fair and carnival given by the Elks two years ago.

The Wright Merchants' Carnival company, all of whose attractions have been booked for the Jubilee, left winter quarters at Evansville last night, going in their special train of twelve coaches to Hot Springs, Ark., where they begin their season next Monday. There are 310 people in the company.

Yesterday's Evansville Courier says: "Manager Wright, who wintered here, has been busy for weeks getting the company together and as a result hundreds of these professional people have been quartered at the hotels and lodging houses in the city."

"Since Monday Mr. Wright has had his workmen working like beavers repacking the immense equipment in the vacant lot in Fifth street between Main and Sycamore streets. These were immediately hauled to the special train as soon as they were ready for shipment, but last night ended with a considerable amount still untouched. This will however be gotten in readiness to go to cause no delay in making the start west."

"The lions and other wild and tame animals will be banded to the train today. They are all in excellent condition and during their stay here proved quite an attraction for sightseers."

PLANS HAVE ASSUMED TO BE LOCATED IN THIS SECTION.

Methodist Institution—Hopkinsville Should At Once Offer Inducements.

One of the prosperous western Kentucky cities will be the seat of the large seminary that is to be founded and fostered by the Methodist conference of Kentucky. The proposed institution has the endorsement of all the Kentucky Methodist bodies.

A meeting of the committee appointed to discuss the preliminaries was held in Louisville Tuesday, at which every member was present. While adjustment was taken without definite action, the communications before the committee indicated a flattering interest in the proposed institution throughout the state. Already the spirit of competition between the several cities seeking the location of the seminary has become interesting. Hardinsburg, Henderson, Hartford, Greenville and Beaver Dam are in the fight, and other entries are promised.

It is the purpose of the Methodists to erect a building to cost in the neighborhood of \$35,000. Several of the competing cities have offered extraordinary inducements. Hartford proposing to donate a seven-acre tract of land for a building and campus.

Hopkinsville should go in for this institution. Not only is the Methodist church strong in membership and moral weight in this city and county, but there are many advantages possessed by Hopkinsville which cannot be claimed by those cities which have entered the contest for this institution. Hopkinsville is already recognized as one of the most important educational centers of Kentucky, enjoying a system of public schools unexcelled, and being the seat of two of the largest and most prosperous collegiate institutions in the state. The proposed Methodist seminary so far from conflicting with these institutions would be of great benefit to them, while they in turn would be of inestimable advantage to it. The moral atmosphere of a city of colleges, which has long distinguished Hopkinsville, would be intensified by this splendid acquisition, and this fact aside from the more material advantages should enlist interest in a movement looking to the capture of the seminary for Hopkinsville.

With the wealth that is here, the public spirit and the enterprise of our people, the inducements could be easily offered.

A Raging Roaring Flood Washed down a telegraph line which Chas. G. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Anderson & Fowler, J. O. Cook, L. L. Elgin and C. K. Wyly.

Seven Years In Bed. "Will wonders ever cease?" inquired the friends of Mrs. L. Peace of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility, but "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person. I am now suffering from Rheumatism, Backache, Nervousness, sleeplessness, Melancholy, Fainting and Dizziness will find a priceless blessing. Try it. Satisfaction guaranteed. Anderson &
